## Relevant Experience

### Software Engineer @ LSQ Funding Group

JULY 2017 – PRESENT

- ◆ Work on a full-stack Scrum team alongside product owners, quality analysts, and UX designers to rapidly deliver state-of-the-art financial software.
- ◆ Design and implement full-stack transactional and reporting features for a business-to-business web app, guided by industry-standard techniques like behavior-driven design.
- ◆ Lead the initial design and development of an Angular monorepo, now home to all front-end code for the financial software used by clients.
- ◆ Drive continuous improvement of the codebase using proven refactoring and cleaning practices, centering on robust tests.
- ◆ Uphold a “devops” culture of developer ownership over CI/CD pipelines and other critical cloud resources.
- ◆ Stack includes Angular, TypeScript, Spring, Node.js, Kotlin, React, .NET, Gatsby, AWS, MySQL, Docker.

### Senior Web Developer @ Optum Health

NOVEMBER 2016 – JUNE 2017

- ◆ Worked on a full-stack remote-operating Scrum team alongside product managers, quality analysts, and UX designers to implement a web portal for a multinational health care product.
- ◆ Introduced TypeScript into the stack, then helped to lead the migration from AngularJS to Angular 2.
- ◆ Worked with web accessibility experts; used screen readers to ensure WCAG 2.0 compliance during development.
- ◆ Stack included AngularJS, TypeScript, Spring, JSP, Java.

### Freelance Web Developer @ Self-employed

JULY 2013 – PRESENT

- ◆ Work with clients to take websites from concept to completion, including visual design, copywriting, architecture, and development.
- ◆ Stack includes Node.js, Angular, Ionic, WordPress, Firebase, MongoDB, Heroku, Sketch, Photoshop, Illustrator.

### Graphic Designer @ MyBuys (now Evergage)

DECEMBER 2014 – OCTOBER 2016

- ◆ Designed and coded ads, emails, and websites to deliver an e-commerce recommendation product that matched clients’ brands.
- ◆ Worked closely with product designers, software engineers, and account executives.

## Education

### University of Michigan

Bachelor of Arts, English Language and Literature  
Class of 2014 • GPA 3.7

### Schoolcraft College

Supplemental coursework • Spring 2013

- ◆ Web Development I
- ◆ Introduction to Graphic Design
